

Pebble Creek Townhomes - TV Satellite Dish Request

Date: _____

From: _____

Unit #: _____

To: Pebble Creek HOA Board of Directors

Re: Satellite Dish

I am requesting permission to have a standard size satellite dish (18-24 inches in diameter) professionally installed by _____.

I understand that this is to be installed only on the back side of the unit. The dish will not be placed on the roof, chimney, or siding. I agree it must be placed on the roof under hang or fascia if it is placed on the unit. If it cannot be placed on the unit it may be placed on my deck or on a post to the rear of the unit. This post will not be over six (6) feet high including the dish and will be placed in a mulch bed so as not to interfere with mowing or any other HOA activity (i.e. painting).

I, _____, agree to be responsible for any problems (such as any building or vehicle damage, or personal injury, and that this list is not inclusive of all problems) that might arise from the installation, use, or removal of this dish. I will not hold the Pebble Creek HOA liable in any way for any problems that might arise from this dish and its installation. I agree to remove this dish if the unit is sold and make any repairs as necessary.

I have read the TV Satellite Dish installation guidelines as posted on the Pebble Creek HOA web site and agree to these conditions. I will contact someone from the board for final approval as to placement.

Thank you for your prompt consideration of this matter,

Sincerely,
